

# Caregiving Symposium

## SPONSOR OUR EVENT

### What is the Caregiving Symposium?

Each spring, Boulder County Area Agency on Aging holds a day long educational event for family caregivers: persons providing care for older relatives, partners, and friends. There are thousands of family caregivers in our area, and the Caregiving Symposium gives them the opportunity to find answers, make connections, and learn about valuable programs, services, and products. As the only major Boulder County event specifically for family caregivers, the Caregiving Symposium offers an ideal networking and marketing opportunity for companies looking to connect with this audience.

Held since 2006, the Caregiving Symposium is an event that family caregivers—and local service providers—do not want to miss! Nearly 500 family caregivers and over 100 service providers attended in 2018, and a similar turnout is expected at the 2019 event, which includes multiple workshops throughout the day on caregiving topics, a resource fair of 100-plus exhibitors, hardy complimentary snacks and more.
